

## Dee Heddon

Professor Deidre Heddon, from the University of Glasgow, lectures on theatre performance and researches performance in walking and forests. Last year, with **Misha Myers**, an academic and performance artist in Cornwall, she conceived the **Walking Library**, which draws on their shared interest in the relationship between reading, walking and writing. 4'32" 2.1MB

Notes from **Deirdre Heddon's 5 year walking forecast for Talking Walking**: Recorded over the telephone in August 2013 and published in November 2013 on <http://talkingwalking.net>

To mark the fifth anniversary of Talking Walking, we asked thought leaders to make their 5 year predictions about the state of walking in the fields in which they work and the places where they live. Respondents were asked to call a Skype number to leave their forecast, identifying who they were, what work they were doing that revolved around walking, and what their forecast was for walking in the next five years. We recorded these voice messages and reproduce them here: <http://www.talkingwalking.net/5-year-walking-forecast/>
