

Terence Bendixson,

Terence Bendixson is the President of Living Streets, formerly the UK's Pedestrian's Association. He is a Senior Visiting Research Fellow at the University of Southampton in the Faculty of Engineering and the Environment, in 1974 he wrote a prescient book entitled "***Instead of cars***".

Notes from **Terence Bendixson's 5 year walking forecast for Talking Walking:** Recorded over the telephone in August 2013 and published in November 2013 on <http://www.talkingwalking.net/5-year-walking-forecast/terence-bendixson-walking-5-years-from-now/> 4'.02" 1.9MB

To mark the fifth anniversary of Talking Walking, we asked thought leaders to make their 5 year predictions about the state of walking in the fields in which they work and the places where they live. Respondents were asked to call a Skype number to leave their forecast, identifying who they were, what work they were doing that revolved around walking, and what their forecast was for walking in the next five years. We recorded these voice messages and reproduce them here: <http://www.talkingwalking.net/5-year-walking-forecast/>
