

## **Carolyn Affleck Youngs**

At the time of the publication of "Walking to Japan", Andrew Stuck, producer of Talking Walking, was lucky enough to catch up with Canadian Carolyn Affleck Youngs in London; she had co-authored the book with her now deceased husband, Derek Youngs. Carolyn took a walking holiday on the Camino de Santiago, in northern Spain, where she met and eventually fell in love with Derek Youngs, himself a long time pilgrim, who walked for peace. Carolyn has quite a story of long walking of her own, but we also discuss the power of pilgrimage and she and Derek walking together, and how simply putting one step in front of the other, can have profound meaning to an individual as to society as a whole. Behind us is bustling Bermondsey and Bankside. We had to stop several times as the ambient noise of traffic and construction became too intrusive. 18'25" 8.7MB
